

**Youth Deer Hunt donated by the Vail and  
Vickers Co. and Multiple Use Managers on the Famed  
Santa Rosa Island**

This three day hunt is slated for Jan 14-16, 2011 for a youth age 10 to 14 years old with a valid Hunter Education Course. The auction includes a Kaibab mule deer buck (maximum points allowed on the antlers is a total of 5. This does not include eye guards.) The Island is 54,000 acres of open, rugged mountains, coastal plains, and sagebrush hills. Shots are typically 100-200 yards long. In the three days, all participants will have a chance to see a vast majority of the Island, since we hunt from 4x4 trucks.

If you have a child you want to get excited about deer hunting, this may be the perfect chance to start them on a lifelong love for California deer hunting.

Good Luck!
